

BUILDING BRIGHTER FUTURES

*You have the power to give families like
Riley's a brighter future.*

Pat and Joe were looking forward to their golden years when their adult daughter went to prison, leaving them to raise their 7 year old granddaughter, Riley. They love Riley very much, and they're worried about her. She's angry, acting out, and failing 2nd grade.

Pat and Joe want stability for Riley, but they don't know where to turn.

The reality is, if Riley doesn't do well in school and isn't reading on grade level by 3rd grade, she faces a dim future. She is more likely to drop out of high school, and her chances of becoming a financially stable adult are extremely low.

Life has turned upside down for Pat, Joe, and Riley, and they need your help. Riley needs year-round tutoring and will likely need Camp iRock this summer to help her build reading skills and her self-esteem. Pat and Joe need financial coaching and free tax advice to manage their new financial situation.

Pat, Joe, and Riley need YOU to make sure these vital United Way of Pickens County programs are there to support them, and families just like them. Will you help Pat, Joe, and Riley with your gift to United Way?

A bright future IS possible... with your support.
